(Boys n the hood instrumental)

Dede by JRpino

So this is the part where Mama discovers  
Lio's in the communist party and wonders  
All the time Minerva's spent with him  
Suddenly he's become trouble on a whim  
Jaimito even confesses he knew  
Dede is confused, what can she do  
Lio seemed like a fine young man  
Yet mama could not let this stand  
Despite having agreed with him before  
Mama could not take it no more  
He was an enemy of the state  
But Minerva and Dede both share this trait  
The whole time Minerva tries to defend Lio  
I don't know if I agree, my name's JRpino  
That's the end of this little rap  
I'm going to fly away now flap flap

(drops the mic and does his signature)
